

Mommy's Boy:
How My Doggie Soulmate's Love Rescued Me

Jennifer Huston Schaeffer

BOOK DESCRIPTION:

Jennifer has always dreamed of getting married and having children, but after navigating the Chicago dating scene and dealing with men who can't commit, she trades Match.com for Petfinder.com and shifts her focus from meeting the man of her dreams to finding her four-legged soulmate.

When Jennifer meets Benny, she knows instantly that he's "the one." He wiggles his way into her heart and takes up permanent residence. However, despite his angelic face and calm demeanor, Benny harbors a mischievous side. He steals any food that isn't nailed down, nearly breaks his neck chasing squirrels, and suffers from chronic allergies and infections, separation anxiety, and a Napoleon complex. But he also eases Jennifer's "baby fever," becomes the spokesdog of her business, and is her constant companion as they face life-altering changes and challenges. Over time, Benny helps Jennifer learn to love herself, overcome her shyness, find her human soulmate, and fulfill her lifelong dream of becoming a wife and mother, although not in the traditional way. But when Benny faces a life-threatening illness, Jennifer must come to terms with the reality that our time with our fur babies is limited.

Told with loving affection and raw emotion, *Mommy's Boy* is the true story of two lost souls who find the unconditional love, companionship, and emotional support they need, in the process forging a profound bond as deep as a mother and her child. It's a tender and heartfelt tribute to a special little guy who was more than "just a dog," he was family. It's also a subtle reminder to cherish every moment we have with our furry friends.
