For fans of *Marley & Me* and *Must Love Dogs*, *Mommy's Boy* is equal parts heartbreaking and uplifting. When marriage and children elude her, Jennifer finds her four-legged soulmate in a dog named Benny. Told with loving affection and raw emotion, *Mommy's Boy* is the true tale of two lost souls finding the unconditional love, companionship, and emotional support they need, in the process forging a deep and profound bond that can never be broken. It's a story that begs the question: Who rescued whom? While Jennifer treats Benny like the child she never had, showering him with love, affection, and care, he teaches her to accept love and overcome her shyness, ultimately helping her find her human soulmate and fulfill her lifelong dream of becoming a wife and mother, albeit in an unconventional way. But when Benny faces a life-threatening illness, Jennifer must face the reality that no matter what we do, our time with our pets is limited. *Mommy's Boy* is a tender and heartfelt tribute to a special little guy who was more than "just a dog," he was family. It's a reminder to cherish every moment we have with our furry friends.

"*Mommy's Boy* is one of the most moving stories I have ever read... It will make you smile and cry at the same time... This is a heartfelt story about unconditional love, the importance of celebrating life, and the special relationships we build with our pets."
